

IMPORTANT PARKING INFORMATION

- All parking areas are public; Alta Lodge is not responsible for vehicles.
- Parking regulations are strictly enforced by the Town of Alta.
- Overnight parking is allowed only on the north side of the road, across the street from the Lodge, perpendicular to the bank, in designated areas.
- Cars illegally parked after midnight are towed by the Town of Alta and taken to Salt Lake City, 20 miles away, at a cost of over \$300.
- Please give us your car details – make, model, color and license plate – so that we can contact you if necessary.

If you have questions, please call:

- Alta Lodge Front Desk: 801-742-3500, or 352 from a Lodge phone.
- Alta Central (police station) 801-742-3522

Please observe all parking signs; “Authorized Vehicles Only” indicates police vehicles. During the day, parking is allowed on both sides of the road. A good time to find an overnight parking space is from 4 pm to 6 pm, when day skiers are leaving Alta.

Town ordinance requires that cars be cleared of snow, with license plates visible, within 12 hours after a storm ends.

Occasionally, the Town of Alta announces “North Side Plowing”, and all cars must be moved to a designated area for one night only, to allow for snow plowing. The next day, cars must be moved back to the regular overnight parking areas. Signs will be posted in the lobby when this occurs.
