

PARKING IN ALTA - 2022

- The Town of Alta strictly enforces parking rules. Cars illegally parked after midnight are towed by the Town of Alta to Salt Lake City, 20 miles away, at a cost of over \$400. Cars parked without permit/registration are subject to Alta parking violation fines starting at \$75 per day.
- Overnight parking is on the north side of the road (across the road) in signed areas, one row, 90° to the embankment.
- Limited Alta Lodge Parking is on the south side of the road (the Lodge side) directly east of the roadway entry – to your left as you walk into the roadway entry. Please check with the Front Desk for Alta Lodge Parking availability. We recommend that you leave your keys with the Front Desk. We may move vehicles in Alta Lodge Parking for snow removal or parking management.
- During and after storms, Alta Lodge Parking is more prone to snow blockage by roadway snowplows. 4WD is strongly advised in this area. Vehicles parked on the north side of the road are usually more accessible after storms, with less snow blockage.
- Your vehicle must be registered with the Alta Lodge Front Desk, with make, model, color and accurate license plate number, in order to secure a parking permit with the Alta parking authority and avoid a violation. Permits are verified by license plate scan.
- During winter storms, public road snowplows may block parked vehicles with snow plowed from the roadway, and may even damage vehicles.
- Alta Lodge will not be responsible for loss or damage to cars in Alta Lodge Parking or in other parking areas.
- You may arrange with off-duty Lodge employees to shovel out and move your vehicle in advance of departure, at a recommended basic cost of \$20; please ask at the Front Desk the day before departure.
- Please observe all parking signs; “Authorized Vehicles Only” indicates police vehicles. South side parking from 6 am to 1 pm, Saturday, Sunday and holidays, is by Alta Ski Area permit only. Please see altaparking.com. A good time to find an overnight parking space is from 4 pm to 6 pm, when day skiers are leaving Alta. Town ordinance requires that cars be cleared of snow, with license plates visible, within 12 hours after a storm ends.
- At times, vehicles must be moved to a designated area for one night only, to allow for snow plowing. The next day, cars must be moved back to the regular overnight parking areas. Signs will be posted in the lobby.
- If you have questions, please call Alta Lodge Front Desk: 801-742-3500, or after hours: 801-414-2878. Alta Central (police station) can also answer parking questions: 801-742-3522
